

ALLERGEN INFORMATION & DIETARY GUIDE

PUBLISHED
SEPTEMBER 2026

ALLERGEN INFORMATION

We prepare our food with care, using traditional recipes and authentic ingredients. All dishes are prepared in a kitchen that handles a range of allergens. Whilst we take precautions during preparation, cross contamination cannot be fully guaranteed.

Allergen information provided is based on our standard recipes and ingredients.

NUT ALLERGY NOTICE

Many of our dishes contain nuts as an essential part of their traditional preparation. We do not substitute or remove nuts from dishes where they are a core ingredient.

Our kitchen is not nut-free.

GLUTEN INFORMATION

Some of our dishes are prepared without gluten-containing ingredients.

All food is prepared in a kitchen where gluten is present, and whilst we take care, cross contamination cannot be fully guaranteed.

We do not operate a gluten-free kitchen.

IMPORTANT

Please ensure you review the allergen guide carefully before ordering.

FRYING OIL

Our kitchen uses shared frying oil for a number of dishes. Where indicated (*), fried items are cooked in mixed vegetable oil and may contain traces of allergens from other products prepared in the same fryer.
